PROFESSIONAL SUMMARY

Results-driven Final-Year Computer Science Student (BCS) with hands-on experience in building web applications using Python, Django, HTML5, CSS3, and SQLite. Skilled in full-stack web development, backend logic implementation, database architecture, and responsive user interfaces. Equipped with a dedicated remote setup, flexible to work in Gulf Standard Time (GST/Dubai), and seeking an entry-level Remote Full-Stack or Python Web Developer role.

SKILLS & TECHNOLOGIES

Programming Languages:	Python, C++, HTML5, CSS3, JavaScript
Web Frameworks:	Django, Bootstrap, REST APIs
Database & Tools:	SQLite, VS Code,
Web Development:	Full-Stack Development, Backend Routing, UI/UX Layout Design
Remote Competencies:	Asynchronous Communication, Self-Management, Version Control

PROJECTS & SOFTWARE DEVELOPMENT

Showroom Management Web Application — Full-Stack Project

Stack: Python, Django, HTML5, CSS3, SQLite

- Designed and developed a comprehensive showroom web application to manage inventory, stock records, and customer inquiries.
- Configured Django URL routing, views, and database models to allow fast data insertion, search, and retrieval.
- Built clean, mobile-responsive user interfaces using HTML5 and CSS3 for effortless navigation.
- Resolved backend logic issues and virtual environment dependencies to optimize overall application performance.

Personal Developer Portfolio — Frontend Web Project

Stack: HTML5, CSS3

- Created a custom, multi-page responsive portfolio site (Home, About, Contact) featuring interactive navigation and modern styling.
- Structured clean, semantic HTML markup and custom CSS styling for cross-device viewport responsiveness.
- Integrated direct links to GitHub, LinkedIn, and social profiles for efficient recruiter engagement.

EDUCATION

Bachelor of Computer Science (BCS)

Expected Completion: May 2027

Shriram Institute of Information Technology Paniv, Maharastra, India

Relevant Coursework: Data Structures, Web Technology, Software Engineering, DBMS, Python Programming.

CERTIFICATIONS & EXTRA-CURRICULAR

- Full-Stack Python & Django Web Development (Self-Directed / Hands-on Projects)
- Active open-source project contributor on GitHub (github.com/pranavburande15)
